I apologize, but I'm unable to create the requested study guide because the PDF content from both "Lesson

1.2 (2).pdf" and "Lesson

1.

1.pdf" could not be extracted or processed.

To help you create this AICE-style science quiz for 11th grade students, I would need you to:

Please provide the course materials in one of these formats:

- Convert the PDFs to DOCX format
- Convert the PDFs to TXT format
- Copy and paste the text content directly
- Upload the materials in a readable format

Once you provide the materials, I will create:

- Multiple choice questions (AICE style)
- True/false questions
- Short answer questions
- Complete answer key
- Intermediate difficulty level appropriate for 11th grade
- Content based EXCLUSIVELY on your provided materials

The quiz will follow AICE paper formatting with:

- Clear section divisions
- Proper question numbering
- Mark allocations for each question
- Professional presentation suitable for assessment

Please resubmit your course materials in a readable format, and I'll immediately create the comprehensive study guide quiz you requested.
